

A close-up photograph of the Thyme Silver plant, showing its small, green, rounded leaves and thin stems. The plant is growing densely and is the focus of the left side of the image.

THYME SILVER

Thymus vulgaris

9-12" Spacing • 6-10" Height
Perennial • Full sun • Zone 6-9

- Small green and white variegated foliage
- Same flavour and fragrance as garden thyme
- Adds a nice look to your garden
- Best used for soups, stews, meat loaf, soaps, perfumes and sachets
